LadyPod

PROVIDES SAFETY AND CONFIDENCE

Compact, discreet, useful, design and above all functional, LadyPod is a unique system invented by a woman for women for their specific needs. This makes it both user and service friendly. Probably two of several reasons why this brand new system is already so highly appreciated by the users and our customers from the cleaning industry.

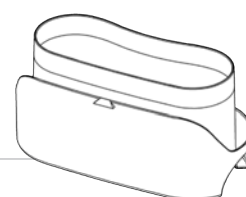

DETAILS OF A SMART SYSTEM

- ⊕ Conveniently wall-mounted =
 - › no struggle to dispose of waste
 - › quick & efficient for cleaning

⊕ Unique opening and integrated **LinerKit** =

- › No trace, no obstruction. The waste falls directly to the bottom of the unit
- › No visual, disgusting or smelly contact with the wastes
- › Autonomous and quick service

LadyPod LinerKit

- ⊕ Integrated continuous, detachable liner system

- ⊕ Quick, simple 3-step service process:

1. Tear-off the bag once full and pull-off another portion (until the next perforations appear)
2. Make a knot with the lower part of the liner to form a bag
3. Place the bag into the LadyPod

Optional equipment:

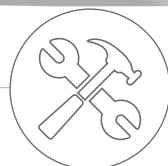

PodPetite Wipes = 3-in-1 wipes (clean, deodorize, neutralize)

H: 440 mm | W: 253 mm | D: 150 mm

C: 7L

Available in white or black

Automatic module available to clip onto the unit for a "NoTouch" use

32 bags per LinerKit

Strong 20% recycled material
