# CleanYourSeat No Touch, PROVIDES HYGIENE AND CONFIDENCE

Who wants to touch whatever is fixed on the toilet's wall if it is not absolutely necessary? Once again, we were a pioneer thanks to our direct customers' feedback and having anticipated the market's needs. No Touch, this simple though unique dispenser, guarantees the highest level of hygiene and more confidence to use it. Compact and nicely designed, it will fit everywhere.

## DETAILS OF A RELIABLE & PROVEN TECHNOLOGY

- › **Unique** NoTouch seat cleaner on the market
- › **+** **Easy** to refill for quick servicing
- › **+** **Efficiency:** low battery consumption and great capacity
- › **+** **Reliability:** marketed with success since decades
- › **+** **Economy:** foam offers a long lasting capacity
- › **+** **Anticipation:** vertical window, our signature, enables a better check of the consumable level
- › **-** **Consumption:** anti-drip, dosing pump helps to have a fair consumption as well as the product itself. Unlike the liquid spray, the foam is visible on the paper so people use less
- › **-** **Theft & vandalism:** locked system with a Hyprom key
- › **ClipNgo** = only the used or defective parts can be changed
- › Built from more than 30%\* **recycled materials**

- › **1 refill = more than 1500 portions of generous foam**
- › **Proven microbiological efficiency:** bactericide, fungicide & virucide
- › **+** **Easy** to spread
- › **+** **Ecology:** the pump is washable and reusable
- › **Light & flexible packaging** = shrinks to the maximum thanks to our ingenious mechanism
- › **+** **Easy** to dispose of. Takes up very little space in the waste bin. Can be recycled
